Dinner Chair

Jeffrey Gural

NEWMARK KNIGHT FRANK

The Starlight Children's Foundation helps seriously ill children and their families cope with their pain, fear and isolation through entertainment, education and family activities. Seeking to address the many challenges seriously ill children and their families face, we offer an impressive array of in-hospital, outpatient, school and home-based programs and services to children, families, and healthcare professionals during the course of an illness and during recovery. All of our programs are designed to alleviate unhappiness and restore some of the simple joys of childhood.
